County EDAP requirement*

Pediatric Conference

Course Overview

Come join us by the sea for this interactive educational experience with nationally renowned speakers. This evidence-based curriculum will provide you with an accelerated learning experience that emphasizes the proper diagnosis and management of the acutely ill or injured child. You will gain insight into the latest scientific advances in pediatric emergency care through presentations by leading researchers.

Conference reception to follow on September 9th to give participants an opportunity to network with other health care providers.

On completion of this 2-day pediatric emergency conference the participant will be able to describe, identify, apply and discuss the latest principles in the assessment, evaluation and management of pediatric emergencies on the following topics:

Day 1 lectures

Toxicology
Surgical Emergencies
Pediatric Readiness
Transgender Teens
Ultrasound in PED
Visual Diagnoses
Child Abuse
Pediatric Burns

Day 2 lectures

EMS Potpourri
Pediatric ESI
Suicide & Teens
ER Malpractice
Mass Casualties
MCI Triage
Pediatric Cases from HUCLA Base

*If you attend only one conference
all year, this should be it!*
