County EDAP requirement**

## Pediatric Conference Course Overview

Come join us by the sea for this interactive educational experience with nationally renowned speakers. This evidence-based curriculum will provide you with an accelerated learning experience that emphasizes the proper diagnosis and management of the acutely ill or injured child. You will gain insight into the latest scientific advances in pediatric emergency care through presentations by leading researchers.

Conference reception to follow on September 12<sup>th</sup> to give participants an opportunity to network with other health care providers.

On completion of this 2-day pediatric emergency conference the participant will be able to describe, identify, apply and discuss the latest principles in the assessment, evaluation and management of pediatric emergencies on the following topics:

### *Day 1 lectures*

**Toxicology**  
**MCI – LV**

**Lessons Learned**  
**Teen Substances**  
**Peds Trauma**  
**Mock Codes**  
**Disasters**

### *Day 2 lectures*

**Pediatric CSI**  
**STI Update**  
**Psych Emerg**  
**Sunrise LV ER**  
**RN experience**  
**Cases from the Harbor base**

**If you attend only one conference  
all year, this should be it!**
